Rome, January 10.

**M.** De la Mothe, a French Commissary, arrived here some time ago from Genoa, to execute his Commission in these and other Parts of Italy, by taking into his Protection the French Subjects who have quitted the Spanish Service, pursuant to the Avocatories published in the Beginning of the present War, and to let others who have at first neglected to obey, enjoy the Benefit of the Pardon, published afterwards for all Deserters in general who shall be willing to leave Foreign Service, whom he is to take into the Service of their native Country. He is to go from hence to Naples, where it is said 200 of these People who lately came from Sicily, are expecting his Arrival. Men are at Work in the Cathedral of St. Peter, at the erecting of a Monument for the present Pope, in the Middle of the Choir, which is to have the following Inscription: *Hic situs est Clemens XI. Pontifex maximus, antea Vicarius & Canonicus hujus Sacrosanctae Basilicae: Orate pro eo. Vixit in Pontificatu Annos . . .* Here lies Pope Clement XI. late Vicegerent and Canon of this Holy Cathedral: Pray for him. He lived in the Pontificate . . . Years. An Instrument is drawing up in the Dataria, for empowering the Infante of Portugal to establish a Chapter of 20 Canons, to be endowed out of the Legacy left to that Prince, by his Aunt the late Queen Catherine Dowager of King Charles II. of England. An Express is arrived here from Dresden, with Letters from the King of Poland and the Electoral Prince of Saxony to the Pope, to thank him for promoting Father Salerno to the Dignity of Cardinal. This Week a Deputation of Cardinals and Prelates held an extraordinary Assembly relating to the Religious Affairs in the Palatinate.

**Stockholm, Jan. 24.** This Day at Noon the General Assembly of the States of the Kingdom was summoned by a solemn Proclamation with the Sound of Trumpets and Kettle-Drums, to meet on the 31st Instant.

**Vienna, Jan 27.** Count Schonborn, Vice Chancellor of the Empire, has notified on the Emperor's Part to all the Ministers of the Protestant Princes residing here, that his Imperial Majesty has been hindered hitherto by the Sickness and Death of the Empress Mother, from giving them his Resolution on the Representations lately delivered to him in the Name of the Protestant Body of the Empire; that therefore he desired their Principals would have a little Patience, declaring to them, that such Measures shall be taken for intirely adjusting the Differences depending on account of Religion, as will prove satisfactory to the Protestants. Our freshest Advisers from Constantinople make not the least Mention of the pretended Conspiracy against Count Virmond, the Imperial Ambassador at the Ottoman Porte, which was reported to have aimed even at the Grand Signior's Life.

**Berlin, Jan. 29.** We see here the following Copy of a Letter written by the Protestant Cantons of Switzerland to the King of Prussia.

Most Serene Prince, &c.

**W**E have seen by your Majesty's gracious Answer of the 4th of November last, in which was inclosed a Resolution taken by the Protestant Body, the commendable Zeal and Care with which you espouse the Cause of the oppressed Reformed Churches in the Palatinate, and take at Heart their Grievances not yet redressed; for which kind Notification we return due Thanks, and give ourselves the Honour of acquainting your Majesty with profound Respect, that we already have interceded with the Elector Palatine in Behalf of those afflicted Communities, and that we are confirmed in the Hopes, that by the high Intercession of the Protestant Powers and States, the said Churches so grievously afflicted will be freed of all Oppressions, and that the Protestant Cantons of the Helvetick Body are resolved to use all possible means to contribute towards maintaining those oppressed Communities, which are so dear to us, in the free Exercise of their Worship, to the End those Churches may continue as they were in former Times, a Comfort to the Protestant Cause. As for what remains, we fervently pray Almighty God to have Mercy upon his oppressed People, and direct all things to the Glory of his Holy Name, and to crown your Majesty and your Royal House with the supreme and unchangeable Happiness, &c.

The King of Prussia has lately sent Orders to Baron Lubieres, Governour of the Dutchy of Neuchatel, to suspend the Exercise of the Roman Catholic Religion at Landern and Craffier, and to sequestrate the Revenues of the Churches there; but the said Governour, and the Magistrates of Neuchatel, have represented to his Majesty, that whereas the Protestant Cantons of the Helvetick Body, their Confederates, have as yet observed a Neutrality on that Subject, it was not proper to proceed to the Execution of his Majesty's Orders, till it appeared by a positive Declaration of the Palatine Court and other Roman Catholic States of the Empire, whether they are resolved to come to an open Rupture, in which case they were ready to join with the rest of the Protestants in their Common Cause.
